🎓 EDUCATION

Master of Science in Computer Science   August 2019 – June 2021
University of Mumbai, CGPA: 9.2/10.0

Bachelor of Science in Computer Science   July 2015 – June 2018
University of Delhi, CGPA: 8.16/10.0

💼 PROFESSIONAL EXPERIENCE

Software Developer Intern   June 2020 – July 2020 | New Delhi, IN
Rising Ahead
- Collaborated with a team of 5 to translate the Advisors & Company's Industry Experts product requirements into implementable UI/UX interfaces.
- Developed the digital moratorium calculator using HTML, CSS, and JavaScript that would help the borrower, measure the effect on their loans and provide constructive feedback if they opted for a moratorium.
- Designed and hosted the web application on Amazon Web Service (AWS) using Elastic Cloud Compute Instance.

🗂 PROJECTS

EduCouch – A cloud-based learning management system ⬀   May 2021
React, Material-UI, AWS Amplify
- Developed a responsive web platform using ReactJS, AWS Amplify, and Datastore, allowing educators to manage the courses and their content for learners.
- Implemented roles such as 'Learner, 'Instructor', and 'Admin', each with different levels of platform management and access to dashboards.

Tynts – A color manipulation tool ⬀   March 2021
HTML, CSS, JavaScript
- Designed and developed a web color tool that enables users to generate random colors, gradients, shades, and color harmonies.
- Implemented the color tool using HTML, Materialize CSS, and JavaScript, and successfully hosted on Netlify.

Code Snippets - A code sharing platform ⬀   2021
React, Tailwind CSS, Firebase
- Designed and developed a web application for sharing code snippets publicly.

Bored Games ⬀   2021
- Conceptualized and developed a fun game project which includes 4 games as tic-tac-toe, rock-paper-scissors, etc. built using ReactJS.

Github Devfinder ⬀   2021
- Designed and developed a web application using Github public API to display users' data.

🧠 SKILLS

Web Development	**Databases**	**Framework & Libraries**	**Other Technologies**
HTML5, CSS3, JavaScript ES6	*MySQL, MongoDB*	*React.js, Bootstrap, Material-UI, styledcomponents*	*Git, GitHub, Figma, Firebase, AWS, RESTful APIs*

📑 CERTIFICATES

Responsive Web Design Certification ⬀
FreeCodeCamp

🤲 ORGANISATIONS

Build with Let's Upgrade S01   July 2020 – October 2020
Participant
- Participated in Open-Source Contribution Build with Let's Upgrade, 2020.
